RULES AND REGULATIONS

Special Non-recurring Charges:

1. The utility will collect for special nonrecurring charges to recover customer-specific costs incurred which would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. The utility may establish or change any special nonrecurring charge by applying for Public Service Commission approval of such charge in accordance with the provisions of 807 KAR 5:011, Section 10.
2. Special nonrecurring charges will be applied uniformly throughout the area served by the utility. Such charges will relate directly to the service performed or action taken and only yield enough revenue to pay the expenses incurred in rendering the service.
3. The utility will assess a charge for the following non-recurring services:
 - a) Connection/Turn-on Charge: Will be assessed for new service turn-ons, seasonal turn-ons, temporary service, or transfer of service. The charge will not be made for initial installation of service where a meter connection/tap-on charge is applicable.
 - b) Late Payment Penalty: Will be assessed on the delinquent amount of the bill, less taxes.
 - c) Meter Relocation Charge: Will be assessed when a customer or other authorized person requests that a meter be relocated, changed, or modified. Those requesting a change must reimburse the utility for the actual costs incurred, including but not limited to appropriate legal, administrative, engineering, overhead, or other related costs.

RULES AND REGULATIONS

- d) Meter Re-read Charge: Will be assessed when a customer requests the utility to re-read the customer's meter and the re-read proves that the original meter reading was correct.
- e) Meter Test Charge: Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy, and the test shows the customer's meter is not more than two percent (2%) fast.
- f) Reconnection Charge: Will be assessed to reconnect service that has been terminated for non-payment of service or for violation of Utility or Public Service Commission rules and regulations, and will include the cost of the service trip for both the disconnection and the reconnection.
- g) Returned Check Charge: Will be assessed when a customer's check is returned, either due to insufficient funds or other reason due to customer fault.
- h) Service Call/Investigation Charge: Will be assessed when a customer requests the onsite presence of utility personnel to investigate a service problem and the problem is a result of the customer's own plumbing facilities, beyond the utility's delivery point, or not caused by failure of utility facilities. Any maintenance and repair of facilities beyond the utility's delivery point is the responsibility of the customer.
- i) Cut Lock Charge: Will be assessed when a customer cuts the lock off of a meter that has been locked by the District. The customer shall pay, in addition to this charge, the cost of any damage to the District's property caused by the customer in the process of cutting the lock.

RULES AND REGULATIONS

Leak Adjustments. A customer may make a request for a bill adjustment in the event of a leak under the following conditions:

1. The customer must request a leak adjustment in writing to the utility.
2. The customer's bill will be based on two components. The first step will be to calculate the customer's average monthly usage over a twelve-month period. The second step will be to deduct the customers average monthly usage (as calculated in the above) from the total amount of water that passed through the meter. The usage calculated in step one will be billed at the utility's regular rates, while the remaining usage will be charged at the per thousand gallon leak adjustment rate, as set forth in the rates and charges portion of the utility's approved tariff. All water passing through the meter must be accounted and paid for by the customer. So the customer will owe the amount of his/her average bill plus the per thousand gallon leak adjustment rate for the remainder of the water that passed through the meter.
3. If meter readings are not available for an entire twelve-month period, the water bill will be estimated by the utility, subject to an upward or downward adjustment once a twelve-month average of actual meter readings can be calculated.
4. Only one (1) leak adjustment will be made per twelve-month period.

Legal Disclaimers:

1. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance or equipment which is a part of the utility's water system. Any person violating this provision will be subject to immediate arrest and/or discontinuance of water service and shall pay the cost of repairing or replacing the utility's facilities.
2. If any loss or damage to the property of the utility or any accident or other injury to persons or property is caused by or results from the negligence or wrongful action of a customer, members of his/her household, his/her agent or employee, the cost of necessary repairs or replacements shall be paid by the customer of the utility and any liability otherwise resulting shall be that of the customer.

- I. Service Classification. There shall be no distinction of this category.
- II. Service Application.
- A. Any bona fide occupant of a single family dwelling; or to each residential unit in an auto court, duplex, or multiple dwelling building; or person holding property having reasonable accessibility to the source of and who is in need of having water supplied to his place of occupancy of property may be a member of this company by obtaining a membership certificate from the company. Persons who receive the approval of the Board of Directors may be admitted to membership upon subscribing for a membership certificate and by signing such agreements for the purchase of water as may be provided and required by the company. If the company's water system is exhausted, service may be denied until such time as the system can be expanded to meet the needs of additional customers. (Pursuant to K.R.S. 278.030 and 278.280)
- B. The Company may reject any application for membership when the applicant is delinquent in payment of bills incurred for service previously supplied at any location.
- C. Violation of any of the provisions of these rules, by-laws or any other regulation of the Company, the Company may remove the meter and discontinue service. Where the meter is thereafter reinstalled, the member shall first pay to the Company a reinstallation charge of \$15.00. The Company may require of any applicant a deposit of an amount equal to 2/12 of the average annual bill for the category of service for which the applicant requests service.
- D. The individual in whose name the membership certificate is prepared shall be responsible for payment of all bills incurred in connection with the service rendered.
- E. Any customer desiring service discontinued or changed from one address to another shall give the utility three (3) days' notice in person, telephone, or writing, provided such notice does not violate contractual obligations. Upon request that service be reconnected at any premises subsequent to the initial installation or connection to its service lines, the utility may charge the applicant the sum of \$15.00.

RULES AND REGULATIONS.

III. Initial or Minimum Charges.

- A. The flat minimum monthly rate, as set up in the water rate schedule for the year, will be payable irrespective of whether any water is used by the member during any month.
- B. A reconnection charge may be made by the company each time reconnection is necessary; however, the monthly rate cannot be charged during the period of discontinuance.
- C. The Tap fee of \$250.00 dollars shall be made for each new meter installation where a 5/8 or 3/4 inch meter is used regardless of location. Each meter requires a separate meter reading sheet, and each meter reading sheet will cover a separate and individual account.
- D. Water furnished for a given lot or farmstead shall be used on that lot only. Each member's service must be separately metered at a single delivery and metering point. All commercial use, including storerooms and stalls for business purposes shall be metered separately from any residential use, and vice versa.
- E. In addition to the collection of regular rates, the Company may collect from the member a proportionate share of any privilege, sales, or use tax or impositions, based on gross revenue received by the Company.

IV. Company's Responsibility.

- A. The Company will install, maintain and operate a main distribution pipeline or lines from the source of water supply, and service lines from the main distribution line or lines to the property line of each member of the Company at which points,

designated as delivery points, meters to be purchased, installed, owned and maintained by the Company, shall be placed. The cost of the service line or lines from the main distribution line or lines of the Company to the property line of each member shall be paid by the Company. The Company will also purchase and install a cut-off valve in each service line from its main distribution line or lines, such cut-off valve to be owned and maintained by the Company and to be installed on same portion of the service line owned by the Company. The Company shall have the sole and exclusive right to use of such cut-off valve to turn it on and off.

- B. Each member shall be entitled to not to exceed one (1) service line from the Company's water system unless otherwise approved by the Board of Directors and provided that the member shall be required to pay the prevalent tap fee for each service line. No new service line or change in an existing service line may be made which will interfere with an existing service line or the delivery of water therein. Each service line shall connect with the company's water system at the nearest available place to the place of desired use by the member if the Company's water system shall be of sufficient capacity to permit the delivery of water through a service line at that place without interfering with the delivery of water through a prior service line. If the Company's water system shall be inadequate to permit the delivery of water through a service line installed at such place without interfering with the delivery of water through a prior service line, then such service line shall be installed at such place as may be required to dig or have dug a ditch, to purchase and install, and to maintain such portion of the service line or lines from the property line of the member to his own dwelling; or other place of use on his premises at his own expense, provided that the Company may, if the Board of Directors so elect, purchase the pipe for and install such portion of such service line or lines, the cost of which will, however, be paid by the individual members.

RULES AND REGULATIONS

V. Company's Liability.

- A. The Company does not assume the responsibility of inspecting the member piping or apparatus and will not be responsible therefor.
- B. The Company reserves the right to refuse service unless the member's line or piping are installed in such manner as to prevent cross-connections or back-flow.
- C. The Company shall not be liable for damage of any kind whatsoever resulting from water or the use of water on the member's premises, unless such damage results directly from negligence on the part of the Company. The Company shall not be responsible for any damage done or by resulting from any defects in piping, fixtures, or appliances on the member's premises. The Company shall not be responsible for negligence of the third persons, or forces beyond the control of the Company resulting in any interruption of service.
- D. Under normal conditions, the members will be notified of any anticipated interruptions of service.

VI. Member's Responsibility.

- A. Piping on the premises of the member must be so installed that the connections are conveniently located with respect to Company lines and mains.
- B. If the Company is called upon to provide additional meters, each place of metering will be considered as a separate and individual account.
- C. The Member shall provide a place of metering, which is unobstructed and accessible at all times.
- D. The member shall furnish and maintain a private cut-off valve on the member's side of the meter. The Company is to provide a like valve on the Company's side of such meter.

removing Company property, inspecting piping, reading or testing meters or for any other purpose in connection with the Company's service and facilities.

- B. Each member shall grant or convey, or shall cause to be granted or conveyed to the Company a permanent easement and right-of-way across any property owned or controlled by the member wherever said permanent easement and right-of-way is necessary for the Company water facilities and lines, so as to be able to furnish service to the member.

IX. Change of Occupancy.

- A. Not less than one week's notice must be given in person or in writing to the Company to discontinue service or to change occupancy.
- B. The outgoing party shall be responsible for all water consumed up to the time of departure or the time specified for departure whichever period is longer.

X. Meter Reading - Billing - Collection.

- A. Meters will be read and bills rendered monthly, but the Company reserves the right to vary the dates or length or period covered, temporarily or permanently if necessary or desirable.
- B. Bills for water will be figured in accordance with the Company's published rate schedule and will be based on the amount consumed for the period covered by the meter readings, except where a member orders turn-off, the minimum bill to such member for such period shall be equal to the minimum charge for one full month's service.

- C. Charge for service commences when meter is installed and connection made, whether used or not.
- D. Reading from different meters will not be combined for billing, irrespective of the fact that said meters may be for the same or different premises, or the same or different members, or for the same or different services.
- E. Bills are due when rendered and delinquent after ten (10) days; if not paid in thirty (30) days, service may be discontinued by the Company.
- F. Delinquent notices will be mailed to the member ten (10) days after the regular monthly billing date, and if payment is not made within thirty (30) days after due date, service will be discontinued.
- G. Failure to receive bills or notices shall not prevent such bills from becoming delinquent nor relieve the member from payment.

XI. Suspension of Service.

- A. When services are discontinued, the deposit and accrued interest on the deposit may be applied to the member's unpaid bill, if any, and the remainder shall be refunded to the customer. The Company may proceed to collect any balance due in the usual manner by law for the collection of debts.

RULES AND REGULATIONS

C. Service discontinued for non-payment of bills will be restored only after bills are paid in full, and a service charge of fifteen (\$15.00) dollars paid for each meter re-connected.

D. The Company reserves the right to discontinue service without notice where evidence is found that the customer has obtained service through fraudulent or illegal means, or where a dangerous condition is found on the customer's or applicant's premises. All other discontinuances of service shall require a notice by the Company to the customer of ten (10) days or the amount of time required by 807 KAR 5:006E, Section 11, whichever is shorter. The Association must reconnect service 24 hours once the cause for discontinuance has been corrected. Customer will always be notified within 24 hours as to reason for disconnect.

II. Complaints - Adjustment.

A. If the member believes his bill to be in error, he shall present his claim, in person or in writing, to the Board of Directors before the bill becomes delinquent. Such claim, if made after the bill has become delinquent, shall not be effective in preventing discontinuance of service, as heretofore provided. The member may pay such bill under a protest and said payment shall not prejudice his claim.

B. The Company will make special meter readings at the request of the member for a fee of one (\$1.00) dollar, provided, however, that if such special reading discloses that the meter was overread, no charge will be made.

PARTIAL PAYMENT PLAN

The Company shall negotiate and accept reasonable partial payment plans at the request of residential customers who have received a termination notice for failure to pay as provided in Section 14, except that a utility is not required to negotiate a partial payment plan with a customer who is delinquent under a previous partial payment plan. Partial payment plans shall be mutually agreed upon and subject to the conditions in this section and Section 14. Partial payment plans which extend for a period longer than thirty (30) days shall be in writing and shall advise customers that service may be terminated without additional notice if the customer fails to meet the obligations of the plan.

DEPOSITS

The Company may require a minimum cash deposit or other guaranty to secure payment of bills

Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460,¹ will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

¹ Water districts should substitute KRS 74.050 and water associations should substitute KRS 273.392 since these statutes govern the rate of interest to be paid by water districts and associations.

MONITORING OF CUSTOMER USAGE

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 15% percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

RULES AND REGULATIONS

I. Rules and Regulations

This schedule of Rules and Regulations governs the furnishing of water service by the Hancock County Public Improvement Corporation, hereinafter referred to as the Utility, through its system Manager, the East Daviess County Water Association, hereinafter referred to as the Manager, and applies to all services received from the Utility and its Manager. No employee or individual director of the Utility or its Manager is permitted to make an exception to Rates, Rules or Regulations. All Rules and Regulations are to be in effect so long as they are not in conflict with Public Service Commission Rules and Regulations. The Utility and its Manager is further subject to all Rules and Regulations of the Commission even though not contained herein.

II. REVISIONS

These Rules and Regulations may be revised, amended, supplemented or otherwise change from time to time subject to approval of the Public Service Commission, and shall have the same force as the present Rules and Regulations.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

III. SERVICE AREA

The Utility through its Manager furnishes water service certain areas of Hancock County, Kentucky. Such areas are identified on a map of Hancock County attached to these Rules and Regulations marked Exhibit No. 1.

PURSUANT TO GOV. KAR 5:011,
SECTION 9 (1)

IV. AVAILABILITY

- A. Water service is available to any bona fide occupant of a single family dwelling; or to each residential unit in an auto court, duplex, or multiple dwelling building; or person holding property having reasonable accessibility to the source of water in the Utility's service area and who is in need of having water supplied to his place of occupancy or property. Persons can receive service by signing such agreements for the purchase of water as may be provided and required by the Utility. If the Utilities water system is exhausted, service may be denied until such time as the system can be expanded to meet the needs of additional customers.
- B. The Utility may reject any application for service when the applicant is delinquent in payment of bills incurred for service previously supplied at any location.

RULES AND REGULATIONS

- C. Violation of any of the provisions of these Rules and Regulations shall be just cause for the Utilities Manager to remove the meter and discontinue service. Where the meter is thereafter reinstalled, the customer shall first pay to the Manager a reinstallation charge of \$15.00. The Utility may require of any applicant a deposit of an amount equal to 2/12 of the average annual bill for the system.
- D. The individual in whose name the Water Purchase Agreement is prepared shall be responsible for payment of all bills incurred in connection with the service rendered.
- E. Any customer desiring service discontinuance or changed from one address to another shall give the Utility through its Manager three (3) days notice in person or in writing, provided such notice does not violate contractual obligations. Upon request that service be reconnected at any premises subsequent to the initial installation or connection to its service lines, the Manager may charge the applicant the sum of \$15.00.

V. CHANGE OF OCCUPANCY

- A. Not less than one week's notice must be given in person or in writing to the Utility through its Manager to discontinue service or to change occupancy.
- B. The outgoing party shall be responsible for all water consumed up to the time of departure or the time specified for departure whichever period is longer.

VI. SUSPENSION OF SERVICE

- A. When services are discontinued, any deposit and accrued interest on the deposit may be applied to the customers unpaid bill and the remainder shall be refunded to the customer. The Utility may proceed to collect any balance due in the usual manner by law for the collection of debts.
- B. Service discontinued for non-payment of bills shall be restored only after bills are paid in full, and a service charge of fifteen (\$15.00) dollars paid to the Manager for each meter reconnected.

RULES AND REGULATIONS

- C. The Utility reserves the right to discontinue service without notice where evidence is found that the customer has obtained service through fraudulent or illegal means, or where a dangerous condition is found on the customer's premises. All other discontinuances of service shall require a notice by the Utility to the customer of ten (10) days or the amount of time required by 807 KAR 5:006, Section 11, whichever is shorter. The Utility through its Manager must reconnect service as soon as the cause for discontinuance has been corrected.

VII. INITIAL OR MINIMUM CHARGES

- A. The flat minimum monthly rate, as set up in the water rate schedule will be payable irrespective of whether any water is used by the customer during any month.
- B. A reconnection charge may be made by the Manager each time reconnection is necessary; however, the monthly rate cannot be charged during the period of discontinuance.
- C. A Tap-On Fee shall be made for each new meter installation according to the Connection Charges listed on Sheet No. 1 of these Rules and Regulations. Each meter requires a separate meter reading sheet, and each meter reading sheet will cover a separate and individual account.
- D. Water furnished for a given lot or farmstead shall be used on that lot only. Each customers service must be separately metered at a service connection and metering point. All commercial use, including storerooms for business purposes shall be metered separately from any residential use, and vice versa.
- E. In addition to the collection of regular rates, the Utility may collect from the customer a proportionate share of any privilege, sales, or use tax or impositions, based on gross revenue received by the Utility.

sulting from any defects in piping, fixtures, or appliances on the customer's premises. The Utility and its Manager shall not be responsible for negligence of third persons, or forces beyond the control of the Utility and its Manager resulting in any interruption of service.

- D. Under normal conditions, the customers will be notified of any anticipated interruptions of service.

X. CUSTOMER'S RESPONSIBILITY

- A. Piping on the premises of the customer must be so installed that the connections are conveniently located with respect to Utility's lines and mains.
- B. If the Utility is called upon to provide additional meters, each place of metering will be considered as a separate and individual account.
- C. The customer shall provide a place of metering, which is unobstructed and accessible at all times.
- D. The customer shall furnish and maintain a private cut-off valve on the customer's side of the meter. The Utility is to provide a like valve on the Utility's side of such meter.
- E. The customer's piping and apparatus shall be installed and maintained by the customer at the customer's expense in a safe and efficient manner and in accordance with the Utility's Rules and Regulations and in full compliance with sanitary regulations of the State Division of Water.
- F. The customer shall guarantee proper protection for the Utility's property placed on the customer's premises and shall permit access to it only by authorized representatives of the Utility and its Manager.
- G. The Utility and its Manager may provide reasonable conditions for the provision of service and may discontinue service with appropriate notice having been given to the customer, etc., for failure to comply with those conditions.

- H. Water furnished by the Utility through its Manager shall be used for domestic consumption by the customer, members of his household, and employees only. The customer shall not sell water to any other person or permit any other person to use said water. Water shall not be used for irrigation, fire protection, or other purposes, except that when water is available in sufficient quantity without interfering with the regular domestic consumption, then the water may be used for any other purpose. Disregard for this rule shall be sufficient cause for refusal or discontinuance of service.
- I. The consumer shall give immediate notice to the Utility or its Manager of any irregularities or unsatisfactory service and of any defects know to him.

XI. EXTENSIONS OF SERVICE

- A. Extensions of service shall be in accordance with 807 KAR 5:066, Section 12.
- B. Extensions of service by the Utility shall be made only upon the approval of its Manager.
- C. The Utility through its Manager will supply service for temporary purposes, provided that the Utility has water available in excess of the Utility's regular needs, and provided the Manager has available material and equipment necessary to supply said service. Each applicant for such service must pay in advance to the Manager the Manager's estimate of cost of labor and materials, less salvage value on removal, for installing and cost of removing such service.

XII. MAINTENANCE

- A. The Utility through its Manager may at any time, if deemed necessary, suspend water service to any consumer or consumers for the purpose of making repairs, changes or improvements upon any part of its system. The Utility or its Manager shall give reasonable notice of such suspensions of service to the customer.
- B. The Manager shall be responsible for the maintenance of that portion of the service line installed by the Utility or its Manager, and the consumer shall be responsible for the maintenance of that portion thereof installed by the consumer.

RULES AND REGULATIONS

XIII. ACCESS TO PREMISES.

- A. Duly authorized agents of the Utility and its Manager shall have access, at all reasonable hours, to the premises of the customer for the purpose of installing or removing Utility property, inspecting piping, reading or testing meters or for any other purpose in connection with the Utility's service and facilities.
- B. Each consumer shall grant or convey, or shall cause to be granted or conveyed to the Utility a permanent easement and right-of-way across any property owned or controlled by the member wherever said permanent easement and right-of-way is necessary for the Utility water facilities and lines, so as to be able to furnish service to the customer.

XIV. LINE RELOCATIONS

- A. When necessary to move or relocate facilities, the cost will be paid by the party or parties requesting such relocation.

XV. METER READING - BILLING - COLLECTION

- A. Meters will be read and bills rendered monthly, but the Utility reserves the right to vary the dates or length or period covered, temporarily or permanently if necessary or desirable.
- B. Bills for water will be figured in accordance with the Utility's published rate schedule and will be based on the amount consumed for the period covered by the meter readings, except where a customer orders turn-off, the minimum bill to such member for such period shall be equal to the minimum charge for one full month's service.
- C. Charge for service commences when meter is installed and connection made, whether used or not.
- D. Reading from different meters will not be combined for billing, irrespective of the fact that said meters may be for the same or different premises, or the same or different customers, or for the same or different customers.
- E. Bills are due when rendered and delinquent after ten (10) days; if not paid in thirty (30) days, service may be discontinued by the Manager.

RULES AND REGULATIONS

- F. Delinquent notices will be mailed to the customer ten (10) days after the regular monthly billing date, and if payment is not made within thirty (30) days after due date, service will be discontinued.
- G. Failure to receive bills or notices shall not prevent such bills from becoming delinquent nor relieve the customer from payment.

XVI. COMPLAINTS - ADJUSTMENT

- A. If a customer believes his bill to be in error, he shall present his claim, in person or in writing, to the Manager before the bill becomes delinquent. Such claim, if made after the bill has become delinquent, shall not be effective in preventing discontinuance of service, as heretofore provided. The customer may pay such bill under a protest and said payment shall not prejudice his claim.
- B. The Manager will make special meter readings at the request of the customer for a fee of one (\$1.00) dollar, provided, however, that if such special reading discloses that the meter was overread, no charge will be made.

RULES AND REGULATIONS

DEPOSIT POLICY

- A. Deposit amounts shall not exceed two-twelfths (2/12) of the customer's actual or estimated annual bill.
- B. Each customer will be required to pay a deposit unless they have previously been customers of the Association with good credit, or they can give a letter of credit from a local utility showing that they paid their bills promptly.
- C. Interest shall accrue on all deposits at the rate prescribed by law, beginning on the date of deposit. Interest accrued shall be refunded to the customer or credited to the customer's bill on an annual basis. This will not apply if the customer's bill is delinquent on the anniversary of the deposit date. If the customer has paid their bill on time each month, the deposit may be refunded in full on the first anniversary of the deposit date. Upon termination of service, the deposit, any principal amounts, and interest earned and owing shall be credited to the final bill with any remainder refunded to the customer.

EAST DAVIESS COUNTY WATER ASSOCIATION, INC. WATER SHORTAGE RESPONSE PLAN

The purpose of this Plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the East Daviess Water Association (EDCWA) in the event a shortage is declared.

Levels of Response:

Once the Natural Resources and Environmental Protection Cabinet issues a water shortage watch, the EDCWA will formulate a Water Shortage Management Task Force. The Task Force shall be made up of at least ten (10) members from the following areas:

- * Board of Health
- * Businesses (especially large water users)
- * Chamber of Commerce
- * Churches
- * EDCWA Board of Directors**
- * Conservation District
- * Conservation Groups
- * County Coordinator, Disaster and Emergency Services**
- * County Health Department Officials
- * Division of Water, regional Office Representatives
- * Fire Chief
- * Industries (both self-supplied and those which purchase from municipal supplies)
- * Legal Representative**
- * Media Representatives (TV, radio, and newspapers)
- * Daviess County Sheriff
- * Professional Groups
- * PTA
- * Superintendent of Schools
- * Water Association Personnel**
- * Water Association Manager**

Once the Task Force has been formed, the East Daviess County Water Association will refer to the "Kentucky Water Shortage Response Plan" as a guide to addressing water shortage issues. The following are levels of response to be followed by the EDCWA:

**Required members

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

JUL 11 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Stephan D. Bee
SECRETARY OF THE COMMISSION

Advisory Stage: 45-59 days of supply remaining

- Issuance of a water shortage advisory via a public notice in the "Messenger-Inquirer", the "Hancock Clarion" and the "Ohio County Time-News". Also, in the notice, the EDCWA will inform the public of the potential problems and request conservation by all users by asking them to reduce their average daily usage by 10%.
- Begin information campaign using bill stuffer which outline the EDCWA's response plan and common conservation practices (see pg. 36 of the "Kentucky Water Shortage Response Plan" guide for common practices.)
- Continue to closely monitor supply levels

Alert Stage: 21-44 days of supply remaining

- Issue a Water shortage alert (via a public notice). Also, inform that all Class 3 uses (refer to the "Kentucky Water Shortage Response Plan" guide for definition of Class 3 uses) are banned. Also, illustrate in the notice that an enforcement policy is in place.
- Give a maximum usage for residential, commercial, and industrial users to be determined by the Task Force.
- Monitor compliance with restricted uses and enforce through: Written Warnings, Monetary fines and, in extreme cases, discontinuing service.

Emergency Stage: 14-20 days of supply remaining

- Water shortage emergency declaration (via a public notice) and inform the public of new pricing measures to deter excessive use of water as well as a ban on Class 3 and Class 2 uses.
- Use of bill stuffers to inform the public of additional conservation measures that can be taken to reduce water usage.
- Implement stricter maximum usage for residential, commercial and industrial users.
- Increase conservation pricing
- Monitor all drought-related activities, especially compliance with the bans and enforce through: Written Warnings, Monetary Fines and discontinuing service in extreme cases.
- Begin looking to Southeast Daviess County Water District for additional water supplies.

Water Rationing Stage: Less than 14 days of supply remaining

- Begin mandatory allocation of water
- Inform the public (via a public notice) of the rationing stage.
- Enact stricter conservation pricing
- Set new conservation goals and monitor all shortage-related activities, especially compliance with the allocation. Enforce Written Warnings, Monetary Fines and discontinuing service in extreme cases.

JUL 11 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

RV: Stephan D. Bell
SECRETARY OF THE COMMISSION

In order for the EDCWA to enforce a water shortage response plan, a Local Ordinance must be adopted that outlines the levels of conservation for each stage and the specific penalties to be enforced during a time of conservation. The response plan will be enforced by the local authorities and the Manager of the EDCWA.
